Professional Summary

Early-career research and data analyst with a Master of Business Analytics from Edith Cowan University, Australia, and 2025 Data Intern experience at AYLA Solutions, Australia. Applies survey research, SPSS, PostgreSQL, SQL, advanced Excel, statistical and trend analysis, data validation, visualization, and documentation to decision-focused findings.

Core Competencies

- **Research & Interpretation:** Survey design, SPSS response analysis, statistical and trend analysis, data interpretation, research summaries, supporting evidence, and practical recommendations.
- **Data & Databases:** PostgreSQL, SQL, advanced Excel, relational modelling, extraction, cleaning, validation, segmentation, CTEs, rankings, running totals, lag analysis, and window functions.
- **Reporting & Documentation:** KPI reporting, tables and data visualization, documented assumptions, analytical reports, records management, stakeholder communication, Microsoft Office, and Google Workspace.
- **Operations & Delivery:** Operational and performance analysis, workflow coordination, process mapping, market research, Agile reviews, Power BI planning, Git, and GitHub Actions.

Professional Experience

AYLA Solutions

Australia

Data Intern

2025

- Gathered and documented business, data, and reporting requirements; translated stakeholder questions into structured analytical needs, KPI definitions, and reporting outputs.
- Supported SQL extraction and validation; prepared advanced Excel reports and dashboard insights to interpret performance.
- Participated in Agile planning and reviews, communicated progress and findings, and maintained clear analytical documentation.

Trans Globe Education

India

Support Executive

2022–2023

- Managed client records and documentation and coordinated application and process updates with students and institutions.
- Supported administrative reporting, workflow management, market research, and client communication across active cases.

Arihant Investment

India

Administrative Executive

2020–2021

- Maintained accurate business data, documentation, and confidential client records while supporting daily operations.
- Coordinated client communication and information updates with close attention to accuracy and confidentiality.

Business Analytics Projects

Online GST Filing Adoption Research

SPSS, Survey Research

- Designed and conducted a survey of small businesses in Gujarat, India, examining adoption and use of online GST filing from June–December 2021.
- Analyzed responses in SPSS, interpreted adoption patterns and barriers, documented recommendations, and earned an A grade.

Healthcare Operations Analytics

PostgreSQL, SQL, KPI Analysis

- Modelled six connected operational entities and analyzed appointment completion, treatment costs, billing status, clinician workload, and claims using CTEs and window functions.
- Applied automated validation and documented assumptions, AI-assisted recommendations, and planned Power BI reporting.

Bank of Baroda Customer Behaviour Analysis

Excel, SQL, Trend Analysis

- Analyzed customer transaction patterns using Excel and SQL for cleaning, visualization, and trend analysis during October–November 2020.
- Presented recommendations for customer engagement and service delivery based on the analyzed transaction patterns.
