SKILLS

Analysis & Reporting: PostgreSQL, SQL, advanced Excel, pivot tables, trends, segmentation, insights
Business Intelligence: KPI definition/reporting, Power BI planning, visualization requirements, report design
Data Quality: Cleaning, aggregation checks, business-rule validation, repeatable tests, GitHub Actions
Data Modelling: Relational models, normalized schemas, primary/foreign keys, uniqueness rules, checks
SQL Analytics: Joins, CTEs, rankings, running totals, lag comparisons, window functions
Delivery: Reporting requirements, documentation, stakeholder communication, Agile planning/reviews

EXPERIENCE

- AYLA Solutions** Australia
 - Data Intern* 2025
 - Requirements & Reporting:** Gathered and documented reporting requirements, clarified analytical needs, and supported structured outputs for business performance tracking.
 - SQL & Excel Reporting:** Supported SQL-based extraction and validation, prepared advanced Excel reports, and contributed dashboard and reporting insights.
 - Agile & Quality:** Participated in Agile planning and reviews, communicated progress, and maintained documentation.
- Trans Globe Education** India
 - Support Executive* 2022–2023
 - Records & Coordination:** Maintained accurate client records and supported reporting, workflow updates, communication, and market research.
 - Process Support:** Coordinated student and institution application updates and maintained supporting documentation.
- Arihant Investment** India
 - Administrative Executive* 2020–2021
 - Data Accuracy:** Maintained accurate, confidential client data and documentation while supporting daily operations.
 - Client Support:** Supported daily business processes and clear client communication.

PROJECTS

- Healthcare Patient & Hospital Analytics:** Modelled patients, clinicians, appointments, treatments, billing, and insurance claims; analyzed completion, costs, billing status, workload, and claims using CTEs and window functions; added repeatable validation, operational recommendations, and Power BI dashboard planning.
- E-Commerce Sales Analytics:** Built a PostgreSQL model connecting customers, products, orders, line items, and payments; standardized recognized-revenue logic; analyzed customer spend, order frequency, product rankings, monthly revenue, and payment methods; and added validation with GitHub Actions.
- HR Analytics:** Built a normalized workforce model and analyzed headcount, compensation, performance, attendance, hiring year, and tenure; used CTEs, rankings, and window functions with repeatable validation and Power BI KPI/dashboard planning.

EDUCATION

- Edith Cowan University** Australia
 - Master of Business Analytics* 2023–2025
 - Relevant Coursework:** Business Systems Analysis, Databases and Business Intelligence, Business Process Management, Analytics and Business Decision Making, and Project Management.
- Atmiya University** India
 - Integrated Master of Business Administration* 2018–2022

CREDENTIALS

- Business Analysis & Process Management:** Coursera Project Network, issued June 2025; Credential ID: WV4JMS14XVV6.
- NISM Series XII:** Securities Markets Foundation.
