RE: Workplace Operations Coordinator, SBN, Scotiabank

Dear Hiring Manager,

I am applying for the Workplace Operations Coordinator, SBN position with Scotiabank. I now live in Toronto and offer several years of verified client-support and administrative experience from India, complemented by recent Data Intern experience in Australia and a Master of Business Analytics from Edith Cowan University. My strongest qualifications for this position are client communication, accurate record handling, workflow coordination, administrative reporting, confidentiality, and Microsoft Office skills.

As a Support Executive at Trans Globe Education, I supported client communication, managed documentation, maintained accurate records, and coordinated application and process updates with students and institutions. I also supported administrative reporting, workflow management, market research, and follow-up. This work required clear communication, organization, and reliable follow-through.

Earlier, as an Administrative Executive at Arihant Investment, I handled data entry and documentation, maintained confidential client records, supported daily operations, and communicated with clients. Working in a financial-services environment reinforced the importance of accuracy, discretion, orderly records, and professional conduct. These habits support a role where employees and visitors depend on responsive service.

At AYLA Solutions, I gathered and documented requirements, prepared advanced Excel reports, supported validation, and participated in team planning and review sessions. This strengthened my ability to learn systems, organize information, communicate progress, and maintain dependable documentation. I am comfortable with Microsoft Office and would bring an active-learning approach to Scotiabank's visitor, facility-management, meeting-room, and internal support systems.

I am drawn to Scotiabank's customer-focused culture, operational discipline, and commitment to an inclusive workplace. I would welcome the opportunity to help create a professional first impression, coordinate requests carefully, protect confidential information, and provide reliable support to employees, visitors, and internal partners at the Bay Adelaide Centre.

Thank you for your time and consideration. I look forward to discussing how I could contribute to your team.

Best regards,
Jainali Mehta
