Professional Summary

Business Analytics graduate and early-career analyst with Australian Data Intern experience supporting SQL extraction and validation, advanced Excel reporting, requirements, and dashboard insights. Builds relational PostgreSQL models, quality checks, analytical outputs, and Power BI dashboard plans; offers careful organization and active learning.

Core Competencies

- **Data & Quality:** PostgreSQL, SQL, advanced Excel, relational modelling, extraction, cleaning, validation, integrity rules, joins, CTEs, and window functions.
- **Reporting & BI:** Excel reporting, KPI definition, trend analysis, analytical outputs, Power BI dashboard planning, visualization requirements, and business recommendations.
- **Requirements & Delivery:** Business and reporting requirements, process documentation, stakeholder communication, workflow coordination, Agile planning and reviews.
- **Tools & Learning:** Git, GitHub, GitHub Actions validation, Microsoft Office, Google Workspace, and AI-assisted analysis grounded in validated SQL findings.

Professional Experience

AYLA Solutions

Australia

Data Intern

2025

- Gathered and documented business and reporting requirements for analytical work, helping translate business questions into structured tasks and outputs.
- Supported SQL-based data extraction and validation; prepared advanced Excel reports and contributed dashboard insights for business performance tracking.
- Participated in Agile sprint planning and reviews, communicated progress, and maintained accurate documentation.

Trans Globe Education

India

Support Executive

2022–2023

- Managed client documentation and accurate records; coordinated application and process updates across students and institutions.
- Supported administrative reporting, workflow management, client communication, and market research.

Arihant Investment

India

Administrative Executive

2020–2021

- Handled data entry, documentation, and confidential client-record maintenance with close attention to accuracy and data quality.
- Supported daily business operations and client communication while keeping business information reliable and organized.

Business Analytics Projects

E-Commerce Sales Analytics

PostgreSQL, SQL, Power BI

- Built a PostgreSQL model connecting customers, products, orders, line items, and payments; applied keys, uniqueness rules, checks, and a recognized-revenue definition excluding pending, refunded, and cancelled activity.
- Analyzed spend, order frequency, product rankings, monthly revenue, and payment methods; added repeatable validation and GitHub Actions checks, then documented Power BI KPI and dashboard planning.

Healthcare Patient & Hospital Analytics

PostgreSQL, SQL, KPI Analysis

- Modelled patients, clinicians, appointments, treatments, billing, and claims; used CTEs and window functions for rankings, segmentation, running totals, and lag comparisons.
- Analyzed completion, costs, billing status, workload, and claims; published repeatable validation, AI-assisted recommendations grounded in SQL outputs, and Power BI dashboard planning.

Bank of Baroda Customer Behaviour Analysis

Excel, SQL, Banking Analytics

- Analyzed customer transaction patterns using Excel and SQL for data cleaning, visualization, and trend analysis.
- Presented recommendations for customer engagement and service delivery, connecting findings with business needs.

Education

Edith Cowan University

Australia

Master of Business Analytics

2023–2025

Relevant Coursework: Databases and Business Intelligence, Business Systems Analysis, Analytics and Business Decision Making, Business Process Management, Machine Learning.

Atmiya University

India

Integrated Master of Business Administration

2018–2022

Credentials

Business Analysis & Process Management – Coursera Project Network, June 2025; Credential ID: WV4JMS14XVV6.
