

SKILLS

Operations Coordination: Workflow support, process updates, documentation, records, client communication
Project Support: Requirements gathering, process mapping, Agile planning/reviews, progress communication
Data & Reporting: PostgreSQL, SQL, advanced Excel, pivot tables, cleaning, validation, KPI analysis
Process & Quality: Business rules, relational models, data-quality checks, repeatable validation
E-Commerce Analytics: Customers, products, orders, line items, payments, revenue and trend analysis
Tools: Git, GitHub Actions, Microsoft Office, Google Workspace, Google Forms, Power BI planning

EXPERIENCE

- AYLA Solutions** Australia
Data Intern 2025
 - Requirements & Reporting:** Gathered and documented business and reporting requirements, clarified analytical needs, and supported structured outputs.
 - Reporting & Quality:** Supported SQL-based extraction and validation, prepared advanced Excel reports, and contributed insights for business performance tracking.
 - Agile Delivery Support:** Participated in planning and review sessions, communicated progress, and maintained accurate analytical documentation for shared delivery.
- Trans Globe Education** India
Support Executive 2022–2023
 - Records & Coordination:** Managed client documentation and accurate records while coordinating application and process updates with students and institutions.
 - Workflow & Client Support:** Supported administrative reporting, market research, workflow management, and responsive client communication.
- Arihant Investment** India
Administrative Executive 2020–2021
 - Operations & Records:** Maintained accurate, confidential client records and documentation while supporting daily operations and client service.
 - Client Support:** Supported business processes and clear client communication.

PROJECTS

- E-Commerce Sales Analytics:** Built a PostgreSQL model connecting customers, products, orders, line items, and payments; defined recognized-revenue rules; analyzed customer spend, order frequency, product rankings, monthly revenue, and payment methods; and added repeatable validation and recommendations grounded in SQL results.
- HR Analytics:** Built a normalized workforce model spanning departments, employees, salaries, performance, and attendance; analyzed headcount, compensation, performance, hiring, and tenure with validation and Power BI KPI/dashboard planning.
- Healthcare Patient & Hospital Analytics:** Modelled patients, clinicians, appointments, treatments, billing, and claims; used CTEs and window functions for rankings, segmentation, running totals, lag comparisons, repeatable validation, and recommendations for operational decisions.

EDUCATION

- Edith Cowan University** Australia
Master of Business Analytics 2023–2025
 - Relevant Coursework:** Business Process Management, Project Management, Business Systems Analysis, Databases and Business Intelligence, and Supply Chain Analytics.
- Atmiya University** India
Integrated Master of Business Administration 2018–2022

CREDENTIALS

- Business Analysis & Process Management:** Coursera Project Network, issued June 2025; Credential ID: WV4JMS14XVV6.
- NISM Series XII:** Securities Markets Foundation.
