Professional Summary

Business Analytics graduate and early-career analyst experienced in requirements gathering, SQL analysis, advanced Excel reporting, KPI development, process documentation, data validation, Power BI planning, and stakeholder communication. Translates business questions into structured requirements, relational data models, and decision-focused recommendations.

Core Competencies

- **Business Analysis:** Requirements elicitation and documentation, workflow and process mapping, KPI definition, reporting requirements, stakeholder communication, and Agile planning.
- **Data Analytics:** PostgreSQL, SQL, advanced Excel, extraction, cleaning, validation, segmentation, trend analysis, joins, CTEs, subqueries, aggregations, rankings, running totals, and window functions.
- **Reporting & BI:** Power BI, dashboard planning, KPI reporting, visualization requirements, and business insights.
- **Tools & Professional:** Git, GitHub, GitHub Actions, Generative AI-assisted analysis, prompt design, confidential records, client support, process coordination, and documentation.

Professional Experience

AYLA Solutions

Australia

Data Intern

2025

- Gathered and documented business, data, and reporting requirements; translated stakeholder questions into structured analytical tasks and reporting outputs.
- Supported SQL extraction and validation; prepared advanced Excel reports and dashboard insights for performance reporting.
- Participated in Agile planning and review sessions, communicated progress, and maintained accurate analytical documentation.

Trans Globe Education

India

Support Executive

2022–2023

- Managed client documentation and accurate records; coordinated application and process updates with students and institutions.
- Supported administrative reporting, workflow management, client communication, and market research activities.

Arihant Investment

India

Administrative Executive

2020–2021

- Handled data entry, documentation, and confidential client-record maintenance with close attention to accuracy.
- Supported daily business operations and client communication while maintaining reliable business information.

Business Analytics Projects

E-Commerce Sales & Customer Analytics

PostgreSQL, SQL, Power BI

- Designed a normalized PostgreSQL model and defined customer, product, order, revenue, purchasing, and operational KPIs; used joins, CTEs, segmentation, rankings, running totals, aggregates, and window functions.
- Converted SQL findings into business recommendations and Power BI dashboard planning with KPIs, filters, visuals, and stakeholder decision-use cases; added repeatable validation and GitHub Actions.

Healthcare Operations Analytics

PostgreSQL, SQL, KPI Analysis

- Modelled patients, clinicians, appointments, treatments, billing, and insurance claims; analyzed appointment completion, treatment costs, billing status, clinician workload, and claims.
- Used CTEs, rankings, segmentation, running totals, and lag comparisons; documented assumptions, AI-assisted operational recommendations, validation, and Power BI dashboard planning.

Workforce & Employee Analytics

PostgreSQL, SQL, Business Intelligence

- Built a normalized workforce model spanning departments, employees, salaries, performance reviews, and attendance; analyzed headcount, compensation, performance, attendance, hiring year, and tenure.
- Used CTEs and window functions and translated validated SQL findings into AI-assisted recommendations and Power BI dashboard planning documented in GitHub.

Education

Edith Cowan University

Australia

Master of Business Analytics

2023–2025

Relevant Coursework: Business Systems Analysis, Databases and Business Intelligence, Business Process Management, Analytics and Business Decision Making, Project Management.

Atmiya University

India

Integrated Master of Business Administration

2018–2022

Credentials

Business Analysis & Process Management – Coursera Project Network, June 2025; Credential ID: WV4JMS14XVV6.
