

SKILLS

Revenue & Customer Analytics: Recognized revenue, trends, variance logic, segmentation, payment analysis
SQL & Data: PostgreSQL, joins, CTEs, rankings, running totals, lag comparisons, window functions
Excel & Reporting: Advanced Excel, pivot tables, formulas, KPI reporting, visualization planning
Data Modelling: Relational models, primary/foreign keys, uniqueness rules, checks, business rules
Quality & Controls: Data cleaning, accuracy, consistency checks, validation, GitHub Actions
Delivery: Reporting requirements, recommendations, documentation, stakeholder communication, Agile reviews

EXPERIENCE

- AYLA Solutions** Australia
Data Intern 2025
 - Requirements & Reporting:** Gathered and documented reporting requirements, clarified analytical needs, and supported structured performance outputs.
 - SQL & Excel Reporting:** Supported SQL-based extraction and validation, prepared advanced Excel reports, and contributed business-performance insights.
 - Agile Delivery:** Joined planning and review sessions, communicated progress, and maintained documentation.
- Trans Globe Education** India
Support Executive 2022–2023
 - Records & Coordination:** Maintained accurate client records and supported reporting, market research, workflow coordination, and communication.
 - Process Updates:** Coordinated application updates with students and institutions to support smooth workflows.
- Arihant Investment** India
Administrative Executive 2020–2021
 - Financial-Services Operations:** Maintained accurate, confidential client records and documentation while supporting daily operations and communication.

PROJECTS

- E-Commerce Sales Analytics:** Built a PostgreSQL model connecting customers, products, orders, line items, and payments; defined recognized revenue excluding pending, refunded, and cancelled activity; analyzed customer spend, order frequency, product rankings, monthly revenue, and payment methods with repeatable validation and recommendations.
- Bank of Baroda Customer Behaviour Analysis:** Analyzed customer transaction patterns using Excel and SQL for cleaning, visualization, and trend analysis; presented recommendations for customer engagement and service delivery.
- HR Analytics:** Built a normalized workforce model and analyzed headcount, compensation, performance, attendance, hiring year, and tenure using CTEs, rankings, window functions, repeatable validation, and Power BI KPI/dashboard planning.
- Healthcare Patient & Hospital Analytics:** Modelled patients, clinicians, appointments, billing, and claims in PostgreSQL; used CTEs and window functions to analyze completion, treatment costs, billing status, workloads, and claim trends.

EDUCATION

- Edith Cowan University** Australia
Master of Business Analytics 2023–2025
 - Relevant Coursework:** Databases and Business Intelligence, Analytics and Business Decision Making, Machine Learning, Business Systems Analysis, and People Analytics.
- Atmiya University** India
Integrated Master of Business Administration 2018–2022

CREDENTIALS

- Business Analysis & Process Management:** Coursera Project Network, issued June 2025; Credential ID: WV4JMS14XVV6.
- NISM Series XII:** Securities Markets Foundation.
