Professional Summary

Early-career business systems and analytics professional with Australian Data Intern experience and a Master of Business Analytics. Experienced in requirements documentation, relational data modelling, SQL, advanced Excel reporting, data validation, KPI definition, Power BI planning, process documentation, and Agile collaboration. Translates stakeholder questions into structured analysis and reporting requirements.

Core Competencies

- **Business Systems Analysis:** Requirements gathering and documentation, reporting requirements, workflow and process mapping, stakeholder communication, Agile planning, and business recommendations.
- **Data Governance & Quality:** Relational modelling, primary and foreign keys, uniqueness and check constraints, data cleaning, validation, integrity rules, repeatable controls, and documentation.
- **Reporting & Analytics:** PostgreSQL, SQL, advanced Excel, KPIs, Power BI dashboard planning, and reporting requirements.
- **Delivery Tools:** Microsoft Office, Google Workspace, Git, GitHub, GitHub Actions, analytical documentation, confidential records, and operational support.

Professional Experience

AYLA Solutions

Australia

Data Intern

2025

- Gathered and documented business and reporting requirements; translated stakeholder questions into structured analytical tasks and reporting outputs.
- Supported SQL extraction and validation and prepared advanced Excel reports and dashboard insights for performance tracking.
- Participated in Agile sprint planning and reviews, communicated progress, and maintained accurate analytical documentation.

Trans Globe Education

India

Support Executive

2022–2023

- Managed client documentation and accurate records; coordinated application and process updates with students and institutions.
- Supported administrative reporting, workflow management, client communication, and market research activities.

Arihant Investment

India

Administrative Executive

2020–2021

- Handled data entry, documentation, and confidential client-record maintenance with close attention to accuracy.
- Supported daily business operations and client communication while maintaining reliable business information.

Business Analytics Projects

E-Commerce Sales Analytics

PostgreSQL, SQL, Data Governance

- Built a PostgreSQL model connecting customers, products, orders, line items, and payments with primary keys, foreign keys, uniqueness rules, checks, and controlled revenue definitions.
- Defined operational KPIs, added repeatable validation and GitHub Actions, and completed Power BI planning for filters, visuals, reporting use cases, and decisions.

Healthcare Patient & Hospital Analytics

PostgreSQL, SQL, Data Quality

- Modelled patients, clinicians, appointments, treatments, billing, and claims with integrity constraints; analyzed completion, costs, billing status, workload, and claims.
- Used CTEs and window functions and documented validation, reporting logic, recommendations, and Power BI planning.

HR Analytics

PostgreSQL, SQL, Business Intelligence

- Built a normalized model spanning departments, employees, salaries, performance reviews, and attendance with data-quality rules and repeatable validation.
- Analyzed headcount, compensation, performance, attendance, hiring, and tenure; documented AI-assisted insights and completed Power BI planning.

Education

Edith Cowan University

Australia

Master of Business Analytics

2023–2025

Relevant Coursework: Business Systems Analysis, Databases and Business Intelligence, Enterprise Architecture, Business Process Management, Project Management.

Atmiya University

India

Integrated Master of Business Administration

2018–2022

Credentials

Business Analysis & Process Management – Coursera Project Network, June 2025; Credential ID: WV4JMS14XVV6.
