Professional Summary

Early-career analyst with a Master of Business Analytics from Edith Cowan University, Australia, and 2025 Data Intern experience at AYLA Solutions, Australia. Applies PostgreSQL, SQL, logical relational modelling, requirements documentation, data validation, advanced Excel reporting, and Agile collaboration to structured technology and process analysis.

Core Competencies

- **Database & Logical Data Modelling:** PostgreSQL, SQL, normalized schemas, primary and foreign keys, uniqueness rules, check constraints, joins, CTEs, subqueries, and window functions.
- **Requirements & Solution Analysis:** Business, data and reporting requirements, workflow and process mapping, business rules, stakeholder communication, analytical recommendations, and decision support.
- **Quality Assurance & Documentation:** Data cleaning and validation, repeatable SQL checks, GitHub Actions, documented assumptions, analytical documentation, records management, and accuracy controls.
- **Project Delivery & Reporting:** Agile planning and reviews, progress communication, advanced Excel, KPI reporting, Power BI planning, Git, Microsoft Office, and Google Workspace.

Professional Experience

AYLA Solutions

Australia

Data Intern

2025

- Gathered and documented business, data, and reporting requirements; translated stakeholder questions into structured analytical needs, definitions, and reporting outputs.
- Supported SQL extraction and validation and prepared advanced Excel reports and dashboard insights for performance tracking and decision support.
- Participated in Agile planning and reviews, communicated progress and findings, and maintained clear analytical documentation.

Trans Globe Education

India

Support Executive

2022–2023

- Managed client records and documentation and coordinated application and process updates with students and institutions.
- Supported administrative reporting, workflow management, market research, and client communication across active cases.

Arihant Investment

India

Administrative Executive

2020–2021

- Maintained accurate business data, documentation, and confidential client records while supporting daily operations.
- Coordinated client communication and information updates with close attention to accuracy and confidentiality.

Business Analytics Projects

E-Commerce Database & Integration Analysis

PostgreSQL, SQL, Validation

- Designed a relational model connecting customers, products, orders, line items, and payments using keys, constraints, documented relationships, and recognized-revenue rules.
- Added repeatable SQL validation and GitHub Actions checks and documented assumptions, AI-assisted recommendations, and Power BI reporting requirements.

Healthcare Operations Analytics

PostgreSQL, SQL, KPI Analysis

- Modelled six connected operational entities and analyzed completion, workload, costs, billing status, and claims using CTEs, rankings, running totals, and lag comparisons.
- Applied automated validation and translated documented findings into operational recommendations and Power BI plans.

Workforce & Employee Analytics

PostgreSQL, SQL, Business Intelligence

- Built a normalized workforce model spanning departments, employees, salaries, performance, and attendance and analyzed headcount, compensation, performance, hiring, attendance, and tenure.
- Validated SQL outputs and documented AI-assisted workforce recommendations and Power BI reporting requirements.

Education

Edith Cowan University

Australia

Master of Business Analytics

2023–2025

Relevant Coursework: Enterprise Architecture, Business Systems Analysis, Databases and Business Intelligence, Project Management, and Business Process Management.

Atmiya University

India

Integrated Master of Business Administration

2018–2022

Credentials

Business Analysis & Process Management – Coursera Project Network, June 2025; Credential ID: WV4JMS14XVV6.

NISM Series XII – Securities Markets Foundation
