Professional Summary

Early-career analyst with a Master of Business Analytics from Edith Cowan University, Australia, and 2025 Data Intern experience at AYLA Solutions, Australia. Applies SQL, advanced Excel, research, KPI reporting, requirements documentation, and Generative AI-assisted analysis to convert business questions into validated, decision-focused insights.

Core Competencies

- **Analytics & Reporting:** PostgreSQL, SQL, advanced Excel, extraction, cleaning, data-quality validation, trend analysis, statistical analysis, KPI reporting, and data visualization.
- **Research & Business Analysis:** Quantitative survey research, SPSS response analysis, requirements elicitation and documentation, process mapping, workflow analysis, and stakeholder communication.
- **AI & Business Intelligence:** Generative AI-assisted analysis, prompt design, machine learning coursework, Power BI dashboard planning, Git, GitHub, and GitHub Actions.
- **Project Delivery:** Agile planning and reviews, progress communication, process coordination, analytical documentation, records management, Microsoft Office, and Google Workspace.

Professional Experience

AYLA Solutions

Australia

Data Intern

2025

- Gathered and documented business, data, and reporting requirements; translated stakeholder questions into structured analytical needs and reporting outputs.
- Supported SQL extraction and validation and prepared advanced Excel reports and dashboard insights for performance reporting and decision support.
- Participated in Agile planning and reviews, communicated progress, and maintained clear analytical documentation.

Trans Globe Education

India

Support Executive

2022–2023

- Managed client records and documentation and coordinated application and process updates with students and institutions.
- Supported administrative reporting, workflow management, market research, and client communication across active cases.

Arihant Investment

India

Administrative Executive

2020–2021

- Maintained accurate business data, documentation, and confidential client records while supporting daily operations.
- Coordinated client communication and information updates with close attention to accuracy and confidentiality.

Business Analytics Projects

Workforce & Employee Analytics

PostgreSQL, SQL, Business Intelligence

- Modelled departments, employees, salaries, performance, and attendance with relational and data-quality controls; analyzed headcount, compensation, performance, hiring, attendance, and tenure.
- Converted validated SQL findings into AI-assisted workforce recommendations and a documented Power BI reporting plan.

Online GST Filing Adoption Research

SPSS, Survey Research

- Designed and conducted a survey of small businesses in Gujarat, India, examining adoption and use of online GST filing.
- Used SPSS to analyze survey responses, identify adoption barriers, and develop recommendations; earned an A grade.

E-Commerce Sales & Financial Analytics

PostgreSQL, SQL, Power BI

- Built a normalized model for customers, orders, line items, products, and payments and documented business rules for recognized revenue and transaction status.
- Analyzed revenue and payment KPIs, reconciled data-quality conditions, and produced AI-assisted recommendations and a Power BI reporting plan.
