Professional Summary

Early-career business analytics professional with Australian Data Intern experience and a Master of Business Analytics. Experienced in operational, financial, and customer analysis; advanced Excel and SQL reporting; KPI and Power BI planning; requirements and process documentation; data validation; Agile project support; and stakeholder communication. Translates validated findings into practical business recommendations.

Core Competencies

- **Data & Performance Analysis:** PostgreSQL, SQL, advanced Excel, pivot tables, cleaning, validation, trend and variance analysis, operational and customer insights, KPIs, and metrics.
- **Reporting & Visualization:** Excel reporting, Microsoft PowerPoint, dashboards, Power BI KPI and visualization planning, summaries, findings, and decision-focused recommendations.
- **Business Analysis & Improvement:** Requirements gathering and documentation, reporting requirements, process mapping and documentation, structured problem-solving, stakeholder communication, and Agile planning.
- **Testing & Project Support:** Repeatable validation, integrity checks, GitHub Actions, task and progress coordination, issue analysis, analytical documentation, Microsoft Office, and Google Workspace.

Professional Experience

AYLA Solutions

Australia

Data Intern

2025

- Gathered and documented business and reporting requirements; translated stakeholder questions into structured analytical tasks and reporting outputs.
- Supported SQL extraction and validation and prepared advanced Excel reports and dashboard insights for performance tracking.
- Participated in Agile sprint planning and reviews, communicated progress, and maintained accurate analytical documentation.

Trans Globe Education

India

Support Executive

2022–2023

- Managed client documentation and accurate records; coordinated application and process updates with students and institutions.
- Supported administrative reporting, workflow management, client communication, and market research activities.

Arihant Investment

India

Administrative Executive

2020–2021

- Handled data entry, documentation, and confidential client-record maintenance with close attention to accuracy.
- Supported daily business operations and client communication while maintaining reliable business information.

Business Analytics Projects

E-Commerce Sales Analytics

PostgreSQL, SQL, Power BI

- Modelled customers, products, orders, line items, and payments; analyzed customer spend, order frequency, product rankings, monthly revenue, and payment methods using PostgreSQL and SQL.
- Applied controlled revenue definitions and repeatable validation; documented AI-assisted recommendations from SQL findings and completed Power BI KPI and dashboard planning.

Healthcare Patient & Hospital Analytics

PostgreSQL, SQL, Operational KPIs

- Modelled patients, clinicians, appointments, treatments, billing, and claims; analyzed completion, treatment costs, billing status, clinician workload, and insurance-claim performance.
- Used CTEs and window functions, added automated validation and GitHub Actions, and documented operational recommendations and Power BI dashboard planning.

Bank of Baroda Customer Behaviour Analysis

Excel, SQL, Customer Insights

- Analyzed customer transaction patterns using Excel and SQL for data cleaning, visualization, and trend analysis during October–November 2020.
- Presented findings and recommendations focused on customer engagement and service delivery.
