Professional Summary

Early-career Business Analyst with a Master of Business Analytics from Edith Cowan University, Australia, and 2025 Data Intern experience at AYLA Solutions, Australia. Experience includes requirements gathering, SQL validation, advanced Excel reporting, KPI development, and stakeholder documentation, supported by workforce and financial analytics projects.

Core Competencies

- **Requirements & Process Analysis:** Requirements elicitation, documentation, validation, workflow analysis, process mapping, reporting needs, stakeholder communication, and Agile planning.
- **Data & Reporting:** PostgreSQL, SQL, advanced Excel, relational modelling, data cleaning and quality validation, KPI reporting, financial analysis, and workforce analysis.
- **Documentation & Delivery:** Analytical and process documentation, records management, project coordination, progress communication, recommendations, and confidential records.
- **Tools & BI:** Microsoft Office, Power BI planning, Git, GitHub Actions, data visualization, and Generative AI-assisted analysis.

Professional Experience

AYLA Solutions

Australia

Data Intern

2025

- Gathered and documented business, data, and reporting requirements; translated stakeholder questions into structured analytical needs and reporting outputs.
- Supported SQL extraction and validation; prepared advanced Excel reports and dashboard insights for performance reporting.
- Participated in Agile planning and reviews, communicated progress, and maintained analytical documentation.

Trans Globe Education

India

Support Executive

2022–2023

- Managed client records and documentation; coordinated application and process updates with students and institutions.
- Supported administrative reporting, workflow management, client communication, and market research activities.

Arihant Investment

India

Administrative Executive

2020–2021

- Maintained accurate business data, documentation, and confidential client records while supporting daily operations.
- Coordinated client communication and information updates with close attention to accuracy and confidentiality.

Business Analytics Projects

Workforce & Employee Analytics

PostgreSQL, SQL, Business Intelligence

- Modelled departments, employees, salaries, performance, and attendance with relational and data-quality constraints.
- Analyzed headcount, compensation, performance, attendance, hiring, and tenure; translated validated findings into workforce recommendations and Power BI plans.

E-Commerce Sales & Financial Analytics

PostgreSQL, SQL, Power BI

- Built a normalized model for customers, orders, line items, products, and payments; documented business rules for recognized revenue and transaction status.
- Analyzed revenue and payment KPIs, reconciled data-quality conditions, and produced recommendations and Power BI plans.

Healthcare Operations Analytics

PostgreSQL, SQL, KPI Analysis

- Modelled six connected operational entities and analyzed appointment completion, treatment costs, billing status, clinician workload, and claims.
- Applied CTEs and window functions with documented assumptions, repeatable validation, operational recommendations, and Power BI planning.
