Professional Summary

Early-career project-support and analytics professional with Australian Data Intern experience and a Master of Business Analytics. Experienced in requirements, Agile planning and reviews, advanced Excel reporting, workflow coordination, research, KPI analysis, and confidential records. Brings project-management coursework and structured, evidence-based decision support.

Core Competencies

- **Project & Process Support:** Requirements, Agile planning and reviews, workflows, process documentation, stakeholder communication, and project-management principles.
- **Analysis & Research:** Advanced Excel, PostgreSQL, SQL, Google Forms, extraction, cleaning, validation, trend analysis, survey research, and recommendations.
- **Reporting & Tracking:** Excel reports, KPI definition, dashboard planning, business insights, analytical documentation, GitHub Actions, and validation.
- **Administration & Service:** Microsoft Office, Google Workspace, client and institutional communication, accurate records, confidentiality, and operational support.

Professional Experience

AYLA Solutions

Australia

Data Intern

2025

- Gathered and documented business and reporting requirements; translated stakeholder questions into structured analytical tasks and defined reporting outputs.
- Supported SQL extraction and validation and prepared advanced Excel reports and dashboard insights for performance reporting.
- Participated in Agile sprint planning and reviews, communicated analytical progress, and maintained clear project documentation.

Trans Globe Education

India

Support Executive

2022–2023

- Managed client documentation and accurate records; coordinated application and process updates with students and institutions.
- Supported administrative reporting, workflow management, client communication, market research, and stakeholder response.

Arihant Investment

India

Administrative Executive

2020–2021

- Handled data entry, documentation, and confidential client-record maintenance with close attention to accuracy.

Business Analytics Projects

Workforce & Employee Analytics

PostgreSQL, SQL, People Analytics

- Built a normalized workforce model spanning departments, employees, salaries, performance reviews, and attendance; defined measures for headcount, performance, attendance, hiring, and tenure.
- Used validated SQL findings to document workforce insights and AI-assisted recommendations; completed Power BI planning for leadership-focused KPIs, filters, and visuals.

Online GST Filing Adoption Research

Excel, Google Forms, Survey Research

- Designed and conducted a Google Forms survey of small businesses in Gujarat, India, examining acceptance and use of online GST filing from June to December 2021.
- Cleaned and analyzed responses in Excel using formulas, sorting, filtering, pivot tables, percentages, and charts; documented adoption barriers, findings, and recommendations and received an A grade.

E-Commerce Sales & Customer Analytics

PostgreSQL, SQL, Reporting

- Designed a controlled relational model and defined customer, product, order, revenue, purchasing, and operational KPIs; added repeatable validation and GitHub Actions checks.
- Synthesized SQL findings into recommendations and completed Power BI planning for KPIs, filters, visuals, and decision-use cases.
