

SKILLS

Requirements & Process: Requirements gathering, process mapping, business rules, documentation
Business Systems: Relational modelling, workflows, data validation, integrity rules, reporting requirements
Data & Reporting: PostgreSQL, SQL, advanced Excel, pivot tables, KPI reporting, trend analysis
Solution Delivery: Stakeholder communication, client support, Agile ceremonies, Power BI planning
Project Domains: Finance, customer analytics, order-to-payment, workforce, healthcare operations
Tools: Microsoft Office, Google Workspace, Google Forms, Git, GitHub, GitHub Actions

EXPERIENCE

- AYLA Solutions** Australia
 - Data Intern* 2025
 - Requirements & Reporting:** Gathered and documented business and reporting requirements, translating operational needs into structured analytical work and reporting outputs.
 - Data & Business Rules:** Supported SQL-based extraction and validation, prepared advanced Excel reports, and contributed dashboard insights for performance tracking.
 - Agile Delivery:** Participated in sprint planning and reviews while communicating progress and maintaining accurate documentation for review and follow-through.
- Trans Globe Education** India
 - Support Executive* 2022–2023
 - Stakeholder Coordination:** Managed client documentation and records while coordinating application and process updates with students and institutions.
 - Workflow Support:** Supported reporting, workflow coordination, client communication, and market research.
- Arihant Investment** India
 - Administrative Executive* 2020–2021
 - Data Accuracy & Operations:** Entered data, maintained accurate confidential records, and supported daily operations.
 - Client Service:** Supported client communication and maintained reliable business documentation.

PROJECTS

- E-Commerce Sales Analytics:** Modelled customers, products, orders, line items, and payments in PostgreSQL; translated primary-key, foreign-key, uniqueness, value, and revenue definitions into testable business and integrity rules.
- HR Analytics:** Built a normalized workforce model and analyzed headcount, compensation, performance, attendance, hiring year, and tenure using CTEs, rankings, window functions, and repeatable validation.
- Bank of Baroda Customer Behaviour Analysis:** Used Excel and SQL to clean and analyze customer data, visualize patterns and trends, and document recommendations based on observed behaviour.
- Healthcare Patient & Hospital Analytics:** Mapped connected patient, clinician, appointment, treatment, billing, and claims data. Across the published repositories, added GitHub Actions checks, SQL-grounded AI-assisted findings, and Power BI plans.

EDUCATION

- Edith Cowan University** Australia
 - Master of Business Analytics* 2023–2025
 - Relevant Coursework:** Business Systems Analysis, Business Process Management, Databases and Business Intelligence, Enterprise Architecture, Analytics and Business Decision Making, and Project Management.
- Atmiya University** India
 - Integrated Master of Business Administration* 2018–2022

CREDENTIALS

- Business Analysis & Process Management:** Coursera Project Network, issued June 2025; Credential ID: WV4JMS14XVV6.
- NISM Series XII:** Securities Markets Foundation.
