

SKILLS

Data & Databases: PostgreSQL, SQL, relational modelling, joins, CTEs, window functions, business rules
Data Quality: Cleaning, validation, integrity rules, discrepancy checks, documentation, repeatable controls
Business & IT Analysis: Requirements gathering, process mapping, systems analysis, reporting requirements
Analytics & BI: Advanced Excel, pivot tables, KPI reporting, trend analysis, Power BI planning
Delivery: Stakeholder communication, Agile ceremonies, workflow coordination, client support
Tools: Git, GitHub, GitHub Actions, Microsoft Office, Google Workspace, Google Forms

EXPERIENCE

- AYLA Solutions** Australia
Data Intern 2025
 - Requirements & Reporting:** Gathered and documented business and reporting requirements, translating operational needs into structured analytical work and reporting outputs.
 - SQL & Data Quality:** Supported SQL-based extraction and validation, prepared advanced Excel reports, and contributed dashboard insights for performance tracking.
 - Agile Delivery:** Participated in sprint planning and reviews while communicating progress and maintaining accurate documentation for review and follow-through.
- Trans Globe Education** India
Support Executive 2022–2023
 - Process Coordination:** Managed client documentation and records while coordinating application and process updates with students and institutions.
 - Operational Support:** Supported reporting, workflow coordination, market research, and client communication.
- Arihant Investment** India
Administrative Executive 2020–2021
 - Data Accuracy & Operations:** Entered data, maintained accurate confidential records, and supported daily operations.
 - Client Service:** Supported client communication and maintained reliable business documentation.

PROJECTS

- E-Commerce Sales Analytics:** Designed a PostgreSQL model linking customers, products, orders, line items, and payments; applied primary-key, foreign-key, uniqueness, and value checks; and defined testable recognized-revenue rules.
- Healthcare Patient & Hospital Analytics:** Modelled patients, clinicians, appointments, treatments, billing, and claims; used CTEs, rankings, running totals, and lag comparisons to analyze operations; and added repeatable validation.
- HR Analytics:** Built a normalized workforce model for headcount, compensation, performance, attendance, hiring year, and tenure. Across all three repositories, added GitHub Actions checks, SQL-grounded AI-assisted findings, and Power BI plans.
- Bank of Baroda Customer Behaviour Analysis:** Used Excel and SQL to clean and analyze customer data, visualize patterns and trends, and document recommendations based on observed behaviour.

EDUCATION

- Edith Cowan University** Australia
Master of Business Analytics 2023–2025
 - Relevant Coursework:** Databases and Business Intelligence, Business Systems Analysis, Enterprise Architecture, Business Process Management, Project Management, Machine Learning, and Analytics and Business Decision Making.
- Atmiya University** India
Integrated Master of Business Administration 2018–2022

CREDENTIALS

- Business Analysis & Process Management:** Coursera Project Network, issued June 2025; Credential ID: WV4JMS14XVV6.
- NISM Series XII:** Securities Markets Foundation.
