

SKILLS

Research & Synthesis: Research design, source gathering, information synthesis, findings, recommendations
Written Communication: Requirements, analytical documentation, structured summaries, client updates
AI-Assisted Analysis: Prompt development, SQL-grounded insights, qualitative interpretation, recommendations
Data & Validation: PostgreSQL, SQL, advanced Excel, data cleaning, integrity checks, repeatable validation
Analytical Methods: Quantitative and qualitative analysis, statistics, segmentation, trends, window functions
Technical Setup: Apple M3 MacBook Pro, macOS 26.6.2, GitHub Actions, Microsoft Office, Google Workspace

EXPERIENCE

- AYLA Solutions** Australia
Data Intern 2025
 - Research Requirements:** Gathered and documented business and reporting requirements, helping define clear questions and structured analytical outputs.
 - Evidence & Validation:** Supported SQL extraction and validation, prepared advanced Excel reports, and contributed evidence-based performance insights.
 - Structured Communication:** Participated in Agile planning and reviews, communicated progress, and maintained usable analytical documentation for shared review.
- Trans Globe Education** India
Support Executive 2022–2023
 - Research & Documentation:** Supported market research and administrative reporting while maintaining accurate documentation for ongoing client service.
 - Clear Communication:** Coordinated application and process updates with students and institutions through consistent follow-up and documentation.
- Arihant Investment** India
Administrative Executive 2020–2021
 - Information Accuracy:** Handled data entry and documentation while maintaining accurate, confidential client records.
 - Reliable Support:** Supported daily operations and client communication through careful business-record maintenance.

PROJECTS

- Online GST Filing Adoption Research:** Designed and conducted a Google Forms survey on small-business taxpayer adoption; analyzed responses in Excel, identified patterns and barriers, and documented findings and recommendations.
- E-Commerce Sales Analytics:** Built and validated a PostgreSQL model, defined transaction-state and revenue rules, and published AI-assisted prompts, business insights, and recommendations grounded in SQL outputs.
- Healthcare Patient & Hospital Analytics:** Analyzed patients, clinicians, appointments, treatments, billing, and insurance claims with CTEs and window functions; added automated validation and published AI-assisted prompts, qualitative operational insights, and business recommendations grounded in validated SQL outputs.

EDUCATION

- Edith Cowan University** Australia
Master of Business Analytics 2023–2025
 - Relevant Coursework:** Machine Learning, Analytics and Business Decision Making, Databases and Business Intelligence, Business Systems Analysis, and Enterprise Architecture.
- Atmiya University** India
Integrated Master of Business Administration 2018–2022

CREDENTIALS

- Business Analysis & Process Management:** Coursera Project Network, issued June 2025; Credential ID: WV4JMS14XVV6.
- NISM Series XII:** Securities Markets Foundation.
