

SKILLS

SQL & Data: PostgreSQL, SQL, relational modelling, joins, aggregation, CTEs, window functions
Performance Analytics: KPI definition, trend analysis, segmentation, rankings, recommendations
BI & Reporting: Advanced Excel, pivot tables, ad hoc reporting, Power BI dashboard planning
Quality Assurance: Data cleaning, validation queries, integrity rules, reconciliation, repeatable checks
Business Analysis: Business and reporting requirements, process mapping, documentation
Collaboration & Delivery: Stakeholder communication, Agile planning and reviews, Git, Microsoft Office

EXPERIENCE

- AYLA Solutions** Australia
Data Intern 2025
 - Requirements & Reporting:** Gathered and documented business and reporting requirements, clarified intended outputs, and supported structured analytical deliverables.
 - SQL & Excel Analysis:** Supported SQL-based data extraction and validation, prepared advanced Excel reports, and contributed insights for business performance tracking.
 - Agile Collaboration:** Participated in sprint planning and review sessions, communicated progress and reporting insights, and maintained accurate analytical documentation.
- Trans Globe Education** India
Support Executive 2022–2023
 - Records & Coordination:** Managed client documentation and accurate records while coordinating application and process updates with students and institutions.
 - Operational Support:** Supported reporting, workflow coordination, client communication, and market research while following through on process updates.
- Arihant Investment** India
Administrative Executive 2020–2021
 - Data Accuracy:** Maintained accurate, confidential client records and supporting documentation.
 - Business Operations:** Supported client communication, accurate business records, and daily operations in a financial-services setting where confidentiality mattered.

PROJECTS

- E-Commerce Sales Analytics:** Built a PostgreSQL model connecting customers, products, orders, line items, and payments; defined recognized-revenue logic, analyzed customer spend, order frequency, product rankings, monthly revenue, and payment methods; and added repeatable validation and Power BI dashboard planning.
- Bank of Baroda Customer Behaviour Analysis:** Used Excel and SQL to clean and analyze transaction patterns, visualize customer trends, and present evidence-based recommendations for engagement and service delivery.
- Healthcare Patient & Hospital Analytics:** Modelled patients, clinicians, appointments, treatments, billing, and claims; used CTEs, rankings, running totals, lag comparisons, and window functions, supported by validation queries and documented findings.
- HR Analytics:** Built a normalized workforce model across departments, employees, salaries, performance, and attendance; analyzed headcount, compensation, hiring, and tenure using CTEs and window functions with repeatable checks.

EDUCATION

- Edith Cowan University** Australia
Master of Business Analytics 2023–2025
 - Relevant Coursework:** Databases and Business Intelligence; Analytics and Business Decision Making; Business Systems Analysis; Machine Learning; Enterprise Architecture; Project Management.
- Atmiya University** India
Integrated Master of Business Administration 2018–2022

CREDENTIALS

- NISM Series XII:** Securities Markets Foundation.
- Business Analysis & Process Management:** Coursera Project Network, issued June 2025; Credential ID: WV4JMS14XVV6.
