Process & Quality: Workflow analysis, data validation, integrity rules, repeatable checks
Data Analysis: PostgreSQL, SQL, advanced Excel, pivot tables, CTEs, window functions
Collaboration: Stakeholder communication, Agile planning and reviews, client support, follow-through
Tools: Microsoft Office, Git, GitHub, GitHub Actions, Google Workspace, Google Forms

EXPERIENCE

- AYLA Solutions** Australia
Data Intern 2025
 - Requirements & Reporting:** Gathered and documented business and reporting requirements, clarified intended outputs, and supported structured analytical deliverables.
 - Analytical Solution Support:** Supported SQL-based extraction and validation, prepared advanced Excel reports, and contributed dashboard and reporting insights for business performance tracking.
 - Agile Collaboration:** Participated in sprint planning and review sessions, communicated progress, and maintained accurate analytical documentation for team use.
- Trans Globe Education** India
Support Executive 2022–2023
 - Records & Coordination:** Managed accurate client documentation and coordinated application and process updates with students and institutions.
 - Service & Workflow Support:** Supported administrative reporting, workflow management, client communication, and market research while following through on updates.
- Arihant Investment** India
Administrative Executive 2020–2021
 - Data Accuracy:** Handled data entry, documentation, and client records while maintaining accuracy and confidentiality for dependable daily operations.
 - Business Operations:** Supported daily business operations and professional client communication in a financial-services setting where confidentiality mattered.

PROJECTS

- E-Commerce Sales Analytics:** Translated customer, order, product, line-item, and payment relationships into a PostgreSQL model with keys and integrity rules; defined revenue and KPI logic, added repeatable validation, and documented Power BI requirements and AI-assisted recommendations.
- Healthcare Patient & Hospital Analytics:** Modelled connected patient, clinician, appointment, treatment, billing, and claim processes; analyzed operational questions with CTEs and window functions, validated outputs, and documented dashboard planning and recommendations.
- Bank of Baroda Customer Behaviour Analysis:** Used Excel and SQL to clean and analyze customer transaction patterns, visualize trends, and present recommendations for client engagement and service delivery.

EDUCATION

- Edith Cowan University** Australia
Master of Business Analytics 2023–2025
 - Relevant Coursework:** Business Systems Analysis; Enterprise Architecture; Business Process Management; Project Management; Databases and Business Intelligence; Analytics and Business Decision Making.
- Atmiya University** India
Integrated Master of Business Administration 2018–2022

CREDENTIALS

- NISM Series XII:** Securities Markets Foundation.
- Business Analysis & Process Management:** Coursera Project Network, issued June 2025; Credential ID: WV4JMS14XVV6.
