

SKILLS

Data & SQL: PostgreSQL, SQL, relational modelling, data collection, cleaning, validation, integrity rules
Excel & Reporting: Advanced Excel, formulas, pivot tables, KPI reporting, trend analysis, reports
Research: Google Forms, survey design, survey analysis, percentages, charts, market research
Analytics: Joins, CTEs, window functions, rankings, segmentation, running totals, lag comparisons
BI & Insights: Power BI KPI and dashboard planning, visual requirements, recommendations
Delivery: Client support, stakeholder communication, Agile ceremonies, Git, GitHub Actions

EXPERIENCE

- AYLA Solutions** Australia
 - Data Intern* 2025
 - Requirements & Reporting:** Gathered and documented business and reporting requirements, translating operational needs into structured analytical work and reporting outputs.
 - SQL & Excel Analysis:** Supported SQL-based extraction and validation, prepared advanced Excel reports, and contributed dashboard insights for performance tracking.
 - Agile Collaboration:** Participated in Agile sprint planning and reviews, sharing progress and maintaining documentation.
- Trans Globe Education** India
 - Support Executive* 2022–2023
 - Client Support & Coordination:** Managed client documentation and accurate records while coordinating application and process updates with students and institutions.
 - Market Research & Reporting:** Supported market research, reporting, workflow coordination, and client communication.
- Arihant Investment** India
 - Administrative Executive* 2020–2021
 - Data Accuracy:** Handled data entry and maintained accurate, confidential client records and supporting documentation.
 - Business Operations:** Supported daily operations, client communication, and reliable business records.

PROJECTS

- Online GST Filing Adoption Research:** Designed a Google Forms survey; cleaned and analyzed responses with Excel formulas, filters, pivot tables, percentages, and charts; and documented adoption patterns, barriers, and recommendations.
- E-Commerce Sales Analytics:** Built a PostgreSQL model connecting customers, products, orders, line items, and payments; defined revenue and integrity rules; analyzed customer spend, order frequency, product rankings, monthly trends, and payment methods; and documented validated findings and recommendations.
- Healthcare Patient & Hospital Analytics:** Modelled connected operational data; used CTEs and window functions to analyze completion, costs, billing, workload, and claims; and added automated validation, GitHub Actions checks, AI-assisted recommendations, and Power BI planning.
- HR Analytics:** Built a normalized workforce model; analyzed headcount, compensation, performance, attendance, hiring year, and tenure; and documented validated findings, AI-assisted recommendations, and Power BI KPI and dashboard plans.

EDUCATION

- Edith Cowan University** Australia
 - Master of Business Analytics* 2023–2025
 - Relevant Coursework:** Analytics and Business Decision Making, Databases and Business Intelligence, Business Systems Analysis, Business Process Management, People Analytics, Project Management, and Machine Learning.
- Atmiya University** India
 - Integrated Master of Business Administration* 2018–2022

CREDENTIALS

- Business Analysis & Process Management:** Coursera Project Network, issued June 2025; Credential ID: WV4JMS14XVV6.
- NISM Series XII:** Securities Markets Foundation.
