

SKILLS

Product & Business Analysis: Requirements gathering, process mapping, reporting requirements, documentation
Agile Delivery: Sprint planning and reviews, stakeholder communication, workflow coordination, progress updates
Data & Analytics: PostgreSQL, SQL, advanced Excel, relational modelling, cleaning, validation, KPI reporting
Testing & Quality: Integrity checks, keys, constraints, repeatable validation, GitHub Actions
Healthcare Analytics: Appointments, treatments, billing, claims, workload, and completion analysis
AI & BI: AI-assisted insights and recommendations, Power BI KPI and dashboard planning, visualization

EXPERIENCE

- AYLA Solutions** Australia
Data Intern 2025
 - Requirements & Reporting:** Gathered and documented business and reporting requirements, supporting structured analysis and clear outputs.
 - Data Validation & Insights:** Supported SQL extraction and validation, prepared Excel reports, and contributed dashboard insights for performance tracking.
 - Agile Collaboration:** Supported Agile planning and reviews through progress updates and documentation.
- Trans Globe Education** India
Support Executive 2022–2023
 - Records & Coordination:** Managed accurate client documentation and coordinated application and process updates with students and institutions.
 - Process Support:** Supported reporting, workflow management, client communication, and market research.
- Arihant Investment** India
Administrative Executive 2020–2021
 - Data & Documentation:** Handled data entry, documentation, and accurate, confidential client-record maintenance.
 - Operational Support:** Supported daily operations, client communication, and reliable recordkeeping.

PROJECTS

- Healthcare Patient & Hospital Analytics:** Modelled patients, clinicians, appointments, treatments, billing, and insurance claims; used CTEs and window functions to analyze appointment completion, treatment costs, billing status, clinician workload, and claims, with automated validation, GitHub Actions checks, AI-assisted recommendations, and Power BI dashboard planning for healthcare reporting.
- E-Commerce Sales Analytics:** Built a PostgreSQL model connecting customers, products, orders, line items, and payments; defined revenue rules, analyzed customer and product KPIs, and added repeatable validation, GitHub Actions checks, AI-assisted recommendations, and Power BI dashboard planning for performance reporting.
- HR Analytics:** Built a normalized workforce model and analyzed headcount, compensation, performance, attendance, hiring year, and tenure using CTEs, rankings, window functions, repeatable validation, AI-assisted recommendations, and Power BI dashboard planning for workforce reporting.

EDUCATION

- Edith Cowan University** Australia
Master of Business Analytics 2023–2025
 - Relevant Coursework:** Business Systems Analysis, Business Process Management, Analytics and Business Decision Making, Project Management, and Enterprise Architecture.
- Atmiya University** India
Integrated Master of Business Administration 2018–2022

CREDENTIALS

- Business Analysis & Process Management:** Coursera Project Network, issued June 2025; Credential ID: WV4JMS14XVV6.
- NISM Series XII:** Securities Markets Foundation.
