

SKILLS

Data & Databases: PostgreSQL, SQL, relational modelling, joins, CTEs, window functions, normalized schemas
Data Acquisition & Quality: SQL extraction, data cleaning, validation, keys, constraints, repeatable checks
Analytics & Reporting: Advanced Excel, pivot tables, KPI reporting, segmentation, rankings, trend analysis
BI & Automation: Power BI planning, GitHub Actions, AI-assisted analysis, prompt development
Requirements & Delivery: Reporting requirements, process mapping, documentation, Agile planning/reviews
Client & Microsoft Tools: Stakeholder communication, client support, Word, Excel, PowerPoint, Git, GitHub

EXPERIENCE

- AYLA Solutions** Australia
 - Data Intern* 2025
 - Data Requirements & Scope:** Gathered and documented business and reporting requirements, helping clarify analytical needs and expected outputs.
 - Data Extraction, Quality & Reporting:** Supported SQL-based extraction and validation, prepared advanced Excel reports, and contributed performance-tracking insights.
 - Delivery Documentation:** Participated in Agile sprint planning and reviews, communicated progress, and maintained accurate analytical documentation.
- Trans Globe Education** India
 - Support Executive* 2022–2023
 - External Stakeholder Coordination:** Coordinated application and process updates with students and institutions while supporting client communication.
 - Documentation & Operations:** Maintained accurate records and supported reporting, workflows, and research.
- Arihant Investment** India
 - Administrative Executive* 2020–2021
 - Financial-Services Records:** Handled data entry, documentation, and confidential client records accurately.
 - Operational Support:** Supported daily business operations, client communication, and reliable business records.

PROJECTS

- E-Commerce Sales Analytics:** Built a PostgreSQL transaction model spanning customers, products, orders, line items, and payments; applied keys, uniqueness rules, and checks; defined recognized revenue to exclude pending, refunded, and cancelled activity; analyzed customer spend, order frequency, product rankings, monthly revenue, and payment methods; added repeatable validation, GitHub Actions checks, AI-assisted recommendations, and Power BI planning.
- Bank of Baroda Customer Behaviour Analysis:** Analyzed customer transaction patterns using Excel and SQL for cleaning, visualization, and trend analysis; presented recommendations for customer engagement and service delivery.
- Healthcare Patient & Hospital Analytics:** Modelled patients, clinicians, appointments, treatments, billing, and claims in PostgreSQL; used CTEs and window functions to analyze appointment completion, treatment costs, billing status, clinician workload, and insurance claims; added automated validation, AI-assisted recommendations, and Power BI planning.

EDUCATION

- Edith Cowan University** Australia
 - Master of Business Analytics* 2023–2025
 - Relevant Coursework:** Databases and Business Intelligence, Analytics and Business Decision Making, Business Systems Analysis, Project Management, and Enterprise Architecture.
- Atmiya University** India
 - Integrated Master of Business Administration* 2018–2022

CREDENTIALS

- Business Analysis & Process Management:** Coursera Project Network, issued June 2025; Credential ID: WV4JMS14XVV6.
- NISM Series XII:** Securities Markets Foundation.
