Professional Summary

Early-career research and business analyst with a Master of Business Analytics from Edith Cowan University, Australia, and 2025 Data Intern experience at AYLA Solutions, Australia. Applies Google Forms survey research, advanced Excel, SQL, statistical and trend analysis, stakeholder requirements, project coordination, and documented recommendations to decision-focused work.

Core Competencies

- **Research & Impact Analysis:** Google Forms survey design, Excel response analysis, formulas, sorting, filtering, pivot tables, percentages, charts, market research, trend analysis, evidence synthesis, and recommendations.
- **Consultation & Engagement:** Requirements gathering, stakeholder questions, client and institutional communication, process updates, reporting needs, collaborative reviews, and clear follow-through.
- **Project & Process Delivery:** Agile planning/reviews, workflow coordination, process mapping, analytical documentation, project-management coursework, competing activities, accuracy, and confidentiality.
- **Reporting & Data:** PostgreSQL, SQL, advanced Excel, data cleaning and validation, relational modelling, KPI reporting, tables, visualization, documented assumptions, and Power BI planning.

Professional Experience

AYLA Solutions

Australia

Data Intern

2025

- Gathered and documented business, data, and reporting requirements; translated stakeholder questions into structured analytical needs, KPI definitions, and reporting outputs.
- Supported SQL extraction and validation; prepared advanced Excel reports and dashboard insights to interpret performance.
- Participated in Agile reviews, communicated progress and findings, and maintained precise documentation.

Trans Globe Education

India

Support Executive

2022–2023

- Managed accurate client documentation and coordinated application and process updates with students and institutions.
- Supported administrative reporting, workflow management, market research, and communication across active cases.

Arihant Investment

India

Administrative Executive

2020–2021

- Maintained accurate business data, documentation, and confidential client records while supporting daily operations.
- Coordinated client communication and information updates with close attention to accuracy and discretion.

Business Analytics Projects

Online GST Filing Adoption Research

Excel, Google Forms, Survey Research

- Designed and conducted a Google Forms survey of small businesses in Gujarat, India, examining acceptance and use of online GST filing from June–December 2021.
- Cleaned, organized, and analyzed responses in Microsoft Excel using formulas, sorting, filtering, pivot tables, percentages, and charts to identify adoption patterns and common barriers.
- Documented findings and recommendations and earned an A grade for the project.

E-Commerce Sales & Customer Analytics

PostgreSQL, SQL, Trend Analysis

- Modelled customers, products, orders, line items, and payments and analyzed customer spend, order frequency, product rankings, monthly revenue, and payment methods.
- Applied repeatable validation, documented AI-assisted business recommendations, and planned Power BI reporting.

Healthcare Operations Analytics

PostgreSQL, SQL, KPI Analysis

- Modelled six connected entities and analyzed appointment completion, treatment costs, billing status, clinician workload, and claims using CTEs and window functions.
- Documented assumptions, applied repeatable validation and AI-assisted recommendations, and planned Power BI reporting.
