Analytics: Relational Data Modelling, CTEs, Window Functions, KPI Reporting, Dashboard Development, Statistics

Business Analysis: Requirements Gathering, Process Mapping, Documentation, Agile, Stakeholder Communication

Delivery Tools: Git, GitHub Actions, Microsoft Office, Google Workspace

PROFESSIONAL EXPERIENCE

AYLA Solutions | Data Intern

Australia | 2025

- Gathered and documented business and reporting requirements for analytical initiatives and stakeholder requests.
- Supported SQL data extraction, advanced Excel reporting, and dashboard insights for performance tracking.
- Participated in sprint planning and review sessions, coordinating analytical work within an Agile process.

Trans Globe Education | Support Executive

India | 2022-2023

- Maintained accurate client documentation and coordinated application updates with students and institutions.
- Supported administrative reporting, workflow management, client communication, and market research activities.

Arihant Investment | Administrative Executive

India | 2020-2021

- Maintained confidential client records and accurate business data while supporting operations and communication.

SELECTED PROJECTS

E-Commerce Sales Analytics

PostgreSQL | SQL | GitHub Actions

- Built a five-entity sales model with integrity rules and status-aware revenue logic.
- Analyzed customer spend, product rankings, monthly revenue, and payment methods using validated SQL.

Healthcare Patient and Hospital Analytics

PostgreSQL | SQL

- Modelled six related entities and used CTEs, rankings, segmentation, running totals, and lag analysis to assess operations and billing trends.

HR Analytics

PostgreSQL | SQL | GitHub Actions

- Built a normalized workforce model and analyzed headcount, compensation, performance, attendance, hiring year, and tenure using CTEs and window functions.
