Toronto, Ontario, Canada | jainali2000@gmail.com | LinkedIn | GitHub

Professional Summary

Early-career data and business insights analyst in Toronto with Australian Data Intern experience and a Master of Business Analytics from Australia. Brings PostgreSQL, SQL, advanced Excel, relational modelling, requirements documentation, data validation, operational KPI analysis, Power BI planning, actionable recommendations, and stakeholder communication.

Core Competencies

- **Business Insights & Requirements:** Business and reporting requirements, stakeholder questions, KPI definition, process documentation, analytical tasks, decision-focused recommendations, and Agile planning and reviews.
- **Data Analysis:** PostgreSQL, SQL, advanced Excel, pivot tables, relational modelling, extraction, cleaning, validation, segmentation, trend analysis, joins, CTEs, aggregations, and window functions.
- **Operational & Workforce Reporting:** Headcount, compensation, performance, attendance, hiring and tenure analysis; completion, workload, cost, revenue, customer, and payment KPIs.
- **BI Planning & Quality:** Power BI dashboard planning, visualization requirements, filters, decision-use cases, integrity checks, repeatable validation, GitHub Actions, and AI-assisted SQL insights.

Professional Experience

AYLA Solutions

Australia

Data Intern

2025

- Gathered and documented business, data, and reporting requirements; translated stakeholder questions into structured analytical tasks and reporting outputs.
- Supported SQL extraction and validation; prepared advanced Excel reports and dashboard insights for performance reporting.
- Participated in Agile planning and review sessions, communicated progress, and maintained accurate analytical documentation.

Trans Globe Education

India

Support Executive

2022–2023

- Managed client documentation and accurate records; coordinated application and process updates with students and institutions.
- Supported administrative reporting, workflow management, client communication, and market research activities.

Arihant Investment

India

Administrative Executive

2020–2021

- Handled data entry, documentation, and confidential client-record maintenance with close attention to accuracy.
- Supported daily business operations and client communication while maintaining reliable business information.

Business Analytics Projects

HR Analytics

PostgreSQL, SQL, Resource KPIs

- Built a normalized workforce model spanning departments, employees, salaries, performance, and attendance; analyzed headcount, compensation, performance, attendance, hiring year, and tenure.
- Applied CTEs, rankings, window functions, repeatable validation, and GitHub Actions; documented SQL-grounded workforce recommendations and Power BI dashboard planning.

E-Commerce Sales Analytics

PostgreSQL, SQL, Operational Reporting

- Built a relational model connecting customers, products, orders, line items, and payments; applied keys, uniqueness rules, integrity checks, and revenue rules excluding pending, refunded, and cancelled activity.
- Analyzed customer spend, order frequency, product rankings, monthly revenue, and payment methods; documented validation, AI-assisted recommendations, and Power BI planning with KPIs, filters, and visuals.

Healthcare Patient & Hospital Analytics

PostgreSQL, SQL, Service KPIs

- Modelled patients, clinicians, appointments, treatments, billing, and insurance claims; analyzed completion, costs, billing status, clinician workload, and claims using CTEs, segmentation, rankings, and lag comparisons.
- Documented assumptions, repeatable validation, AI-assisted operational recommendations, and Power BI dashboard planning.
