Professional Summary

Early-career business systems, business analysis, and data professional with Australian Data Intern experience and a Master of Business Analytics. Combines requirements and process documentation, PostgreSQL, SQL, advanced Excel, relational modelling, data validation, KPI and Power BI planning, Agile collaboration, and stakeholder communication. Prepared to build on this foundation through structured training and client assignments.

Core Competencies

- **Business & Systems Analysis:** Requirements gathering and documentation, reporting requirements, process mapping and documentation, workflow analysis, stakeholder communication, and business recommendations.
- **Data & Reporting:** PostgreSQL, SQL, advanced Excel, pivot tables, relational modelling, cleaning, validation, trend analysis, KPIs, Power BI dashboard planning, and visualization requirements.
- **Testing & Delivery Foundation:** Business rules, keys and constraints, repeatable validation, GitHub Actions checks, issue analysis, Agile sprint planning and reviews, and progress documentation.
- **Consulting Readiness:** Microsoft Office, Google Workspace, Git, GitHub, client support, workflow coordination, confidential records, clear communication, and structured problem-solving.

Professional Experience

AYLA Solutions

Data Intern

Australia

2025

- Gathered and documented business and reporting requirements; translated stakeholder questions into structured analytical tasks and reporting outputs.
- Supported SQL extraction and validation and prepared advanced Excel reports and dashboard insights for performance tracking.
- Participated in Agile sprint planning and reviews, communicated progress, and maintained accurate analytical documentation.

Trans Globe Education

Support Executive

India

2022–2023

- Managed client documentation and accurate records; coordinated application and process updates with students and institutions.
- Supported administrative reporting, workflow management, client communication, and market research activities.

Arihant Investment

Administrative Executive

India

2020–2021

- Handled data entry, documentation, and confidential client-record maintenance with close attention to accuracy.
- Supported daily business operations and client communication while maintaining reliable business information.

Business Analytics Projects

E-Commerce Sales Analytics

PostgreSQL, SQL, Systems Analysis

- Built a PostgreSQL model connecting customers, products, orders, line items, and payments using primary and foreign keys, uniqueness rules, checks, and controlled revenue definitions.
- Developed SQL analysis and repeatable validation with GitHub Actions; translated findings into recommendations and completed Power BI KPI and dashboard planning.

Healthcare Patient & Hospital Analytics

PostgreSQL, SQL, Validation

- Modelled patients, clinicians, appointments, treatments, billing, and claims; used CTEs and window functions to analyze completion, costs, billing status, workload, and insurance claims.
- Added automated validation and GitHub Actions; documented assumptions, AI-assisted recommendations based on SQL outputs, and Power BI dashboard planning.

HR Analytics

PostgreSQL, SQL, Business Intelligence

- Built a normalized workforce model spanning departments, employees, salaries, performance reviews, and attendance; analyzed headcount, compensation, performance, attendance, hiring, and tenure.
- Used CTEs and window functions with repeatable validation; documented AI-assisted recommendations from SQL outputs and completed Power BI planning.
