

SKILLS

SQL & Spreadsheets: PostgreSQL, SQL, advanced Excel, pivot tables, joins, CTEs, window functions
Data Modelling: Relational models, normalized schemas, primary/foreign keys, uniqueness rules, checks
Metrics & Reporting: KPI definition, recurring-report design, trends, segmentation, rankings, running totals
Data Quality: Data cleaning, accuracy checks, business-rule validation, repeatable tests, GitHub Actions
BI Planning: Power BI KPI/dashboard planning, visualization requirements, reporting standards, insights
Delivery: Reporting requirements, documentation, stakeholder communication, Agile planning/reviews, Git

EXPERIENCE

- AYLA Solutions** Australia
 - Data Intern* 2025
 - Requirements & Reporting:** Gathered and documented reporting requirements, clarified analytical needs, and supported structured outputs for business performance tracking.
 - SQL & Spreadsheet Reporting:** Supported SQL-based extraction and validation, prepared advanced Excel reports, and contributed dashboard and reporting insights.
 - Delivery & Documentation:** Participated in Agile planning and reviews, communicated progress, and maintained accurate analytical documentation.
- Trans Globe Education** India
 - Support Executive* 2022–2023
 - Reporting & Coordination:** Maintained accurate client records and supported reporting, workflow updates, communication, and market research.
 - Process Support:** Coordinated student and institution application updates and maintained supporting documentation.
- Arihant Investment** India
 - Administrative Executive* 2020–2021
 - Data Accuracy & Operations:** Maintained accurate, confidential client records and documentation while supporting daily operations and communication.

PROJECTS

- E-Commerce Sales Analytics:** Built a PostgreSQL model connecting customers, products, orders, line items, and payments; standardized recognized-revenue logic; analyzed customer spend, order frequency, product rankings, monthly revenue, and payment-method KPIs; and added repeatable validation and GitHub Actions checks.
- Healthcare Patient & Hospital Analytics:** Modelled patients, clinicians, appointments, treatments, billing, and claims; applied CTEs and window functions to rankings, segmentation, running totals, lag comparisons, and repeatable validation.
- HR Analytics:** Built a normalized workforce model and defined analyses for headcount, compensation, performance, attendance, hiring year, and tenure; added repeatable validation and GitHub Actions checks, then completed Power BI KPI/dashboard planning and SQL-grounded recommendations.

EDUCATION

- Edith Cowan University** Australia
 - Master of Business Analytics* 2023–2025
 - Relevant Coursework:** Business Systems Analysis, Databases and Business Intelligence, Business Process Management, Analytics and Business Decision Making, and Project Management.
- Atmiya University** India
 - Integrated Master of Business Administration* 2018–2022

CREDENTIALS

- Business Analysis & Process Management:** Coursera Project Network, issued June 2025; Credential ID: WV4JMS14XVV6.
- NISM Series XII:** Securities Markets Foundation.
