Professional Summary

Early-career analyst with a Master of Business Analytics from Edith Cowan University, Australia, and 2025 Data Intern experience at AYLA Solutions, Australia. Brings requirements documentation, Agile coordination, advanced Excel reporting, SQL validation, process analysis, and stakeholder communication to project delivery and digital-improvement work.

Core Competencies

- **Project Coordination:** Agile planning and reviews, priority alignment, progress communication, workflow coordination, analytical documentation, and Project Management coursework.
- **Business & Process Analysis:** Requirements elicitation and documentation, process mapping, reporting needs, operational analysis, stakeholder communication, and decision support.
- **Data & Reporting:** PostgreSQL, SQL, advanced Excel, extraction, cleaning, data-quality validation, trend and KPI analysis, reporting insights, and Power BI planning.
- **Digital Delivery Tools:** Git, GitHub, GitHub Actions, relational modelling, automated validation, Microsoft Office, Google Workspace, and Generative AI-assisted analysis.

Professional Experience

AYLA Solutions

Australia

Data Intern

2025

- Gathered and documented business, data, and reporting requirements; translated stakeholder questions into structured analytical needs and reporting outputs.
- Supported SQL extraction and validation and prepared advanced Excel reports and dashboard insights for performance reporting and decision support.
- Participated in Agile planning and reviews, communicated progress, and maintained clear analytical documentation.

Trans Globe Education

India

Support Executive

2022–2023

- Managed client records and documentation and coordinated application and process updates with students and institutions.
- Supported administrative reporting, workflow management, market research, and client communication across active cases.

Arihant Investment

India

Administrative Executive

2020–2021

- Maintained accurate business data, documentation, and confidential client records while supporting daily operations.
- Coordinated client communication and information updates with close attention to accuracy and confidentiality.

Business Analytics Projects

E-Commerce Sales & Financial Analytics

PostgreSQL, SQL, Project Delivery

- Structured customer, order, product, and payment requirements into a normalized model with documented revenue rules, transaction definitions, and decision-focused KPIs.
- Produced repeatable validation, GitHub Actions checks, AI-assisted recommendations, and a Power BI reporting plan with specified KPIs, filters, and stakeholder uses.

Healthcare Operations Analytics

PostgreSQL, SQL, KPI Analysis

- Modelled connected operational data for patients, clinicians, appointments, treatments, billing, and claims and analyzed service completion, workload, costs, and status.
- Turned validated findings into documented AI-assisted operational recommendations and a Power BI reporting plan.

Workforce & Employee Analytics

PostgreSQL, SQL, Business Intelligence

- Built a workforce information model spanning departments, employees, salaries, performance, and attendance and analyzed headcount, hiring, compensation, performance, and tenure.
- Converted validated SQL findings into AI-assisted recommendations and a documented Power BI reporting plan.
